

Appendix A. NPDES Permits EPA Retains Authority Over

EPA retains permitting and enforcement authority for federal facilities located in Denali National Park and Preserve, facilities located in Indian Country, facilities operating outside state waters (three miles offshore), and facilities issued CWA §301(h) waivers from secondary treatment standards. The DEPARTMENT will issue a state certification of an EPA-issued NPDES permit for facilities granted a CWA §301(h) waiver at the time EPA reissues the permit.

CWA § 301(h) Waivers
